## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. The following is an examiner's statement of reasons for allowance:

Regarding Claims 1, 6, 15 and 24, the primary reason for allowance is the inclusion of the limitation of generating a mapping table with elements which are the deviations between a reference head and each of the heads and recording the mapping table in memory.

Regarding Claims 11 and 23, the primary reason for allowance is the inclusion of the limitation wherein designating one of the heads as a reference head to be used for address mapping; setting the deviation of the reference head as a zero value; obtaining track address deviations of the heads with respect to the reference head and recording deviations in the mapping table.

Apparatus claim (18) is drawn to the apparatus corresponding to the method of using same as claimed in claim (1, 6, 11, 15, 23 and 24). Therefore apparatus claim (18) corresponds to method claims (1, 6, 11, 15, 23 and 24), and is allowed for the same reasons as used above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
